Diesel Locomotive (specify color; gold, dulux, alum, white, red, black)	SD-50 +	
 Caboose and Camp Cars-GOTHIC.....	SD-33	SD-34

Dimensional Data Sets consist of all necessary small markings that are used on all freight cars, locomotives and some passenger cars. These show the capacity, load limit, light weight, length etc., and each set contains enough decal material to letter at least one complete car. For cars and locomotives not used, order dimensional data set and road name set to suit. For many diesel road switchers use diesel cab unit sets. Many diesel yard switchers use road names.

HOW TO ORDER ALPHABET SETS

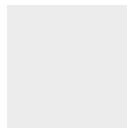

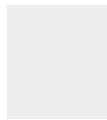

Pick out style of lettering desired,  
then put down code number as follows;  
first, **STYLE** of lettering designation  
(A,B,C,D,E,F,G,H,J,L,N,P,Q,R,S, OR T)  
second, **SIZE** of lettering using code  
listed at right.  
third, **COLOR** of lettering using code  
listed at far right.  
example: Engravers Bold, 1/8" high,  
yellow color, 2 sets.

your order would read 2 sets B-08-7
